DICTIONARY

An online journey
into Italian language and culture

The first Web tv dedicated to the Italian language

CULTURA

ESERCIZI DOCUMENTI SCARICABILI VIDEO CORRELATI DIZIONARIO

ITALIAN

- ◆ for those who want to make Italy their **new home**
- ◆ for those who have an interest in **culture**
- ◆ for those who want to discover their **roots**

Three channels to learn the language

CULTURA

Not only a journey into the different regions and the culture of the "Bel Paese" but also an insight into the rest of the world with current affairs, news and much more.

CONVERSAZIONE

To learn real Italian, as it is spoken in everyday life.

GRAMMATICA

In-depth focus on grammar rules and vocabulary.

Better than a course
because it is **informative and entertaining**

More than a tv
because it is **educational**

The ideal way to get started with the Italian language, whatever your objective, be it professional, academic or personal.

Over **120 video lessons** and programmes on current affairs, business, sport, travels, Italian culture and life in Italy...so that you can focus on what you find interesting and live the language to the fullest.

Quality news sources that guarantee daily updates of content (Reuters, Ansa, Class TV).

Progress is monitored constantly with hundreds of **exercises, continuous assessment and tests** to help you prepare for international language certifications.

A flexible platform, available **24/7 on the internet** on any device (computer, tablet, smartphone).

Download materials

Files are available to download as an ebook or to print out, for easy offline access.

Online Tutoring

A team of dedicated and qualified tutors that are available via mail, chat and webcam to help you practice speaking or what you have learned, answer your questions and provide technical support.

Web 2.0! For schools, universities and businesses

- ◆ Public or specific message boards to meet other students and discuss language with tutors and qualified teachers.
- ◆ Facebook page updated daily with language news and curiosities to learn while having fun.
- ◆ User-created wikis to share language and culture items.
- ◆ For schools: restricted area for teachers with dedicated extra content.
